Standard Model

You can produce your own labels and signs instantly.

Vinyl cut text and graphics

Window Decal

Road Sign

Thermal print and vinyl cutting technology

In a single process CPM-100 prints and then cuts out, to produce exactly what you want

Easy Operation

CPM-100 comes complete with dedicated 'Bepop PC' software. This powerful application enables you to quickly and easily design labels on your PC. The software includes pre-defined templates and a comprehensive symbols gallery, to bring a professional look to your designs.

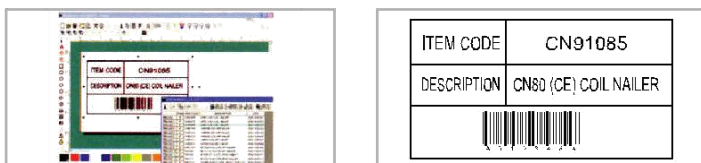

Sequential Numbering

Designs can automatically include sequenced numbers using variable increments

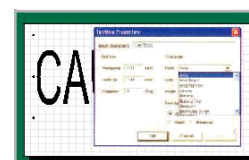

Database Link

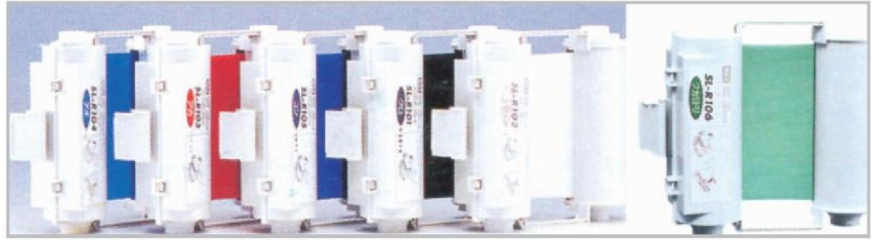

Information from databases saved in CSV format can be linked directly to your label designs

Other Features

- Use any True Type font installed on your PC
- In addition to the built in clip art gallery, you can download more symbols free of charge, from our website. Logos and other graphics can easily be imported, edited and converted
- Excellent table design facility
- Text can be curved, arched, mirrored, slanted, reversed, italicized condensed, extended and framed
- Ten major bar code languages built in
- Copy, paste and print elements from other software applications such as Illustrator
- Printed text can automatically be contour cut with a totally adjustable border size

Standard Supplies for CPM-100

Product Specifications

Product		CPM-100
Printer Section	Printing Method	Thermal Transfer
	Print Resolution	200 dpi tor G3U 400 dpi for HG3
	Printing Speed	1.0" (25mm) / sec at standard 0.5" (12 - 5mm) / sec tor high quality
Cutter Section	Resolution	0.001" (0.025mm) / Step
	Cutting Speed	4.7" (120mm) / sec at maximum
Maximum Output Range		4" (100mm) x 78.7" (2000mm)
Interface		USB:USB 1.1, allowable cable length 78.7" (2M)
Working Environment		Temperature: 10-35°C (50-96°F) Humidity: 35-80% (No dew condensation allowed)
Power Source		AC 100- 240 V 50/60 Hz 1A
Power Consumption		150 W at maximum, 20W at stand by
Outer Dimensions		12.8" (325mm)x12.0" (305mm)x12.4" (315mm)
Weight		19.8 lbs (9kg)

Recommended PC Requirements

DOS-V machines with the following conditions

- CPU Intel Pentium 150 MHZ or better
- Memory 64 MB or better
- Free spaces of HDD 100 MB or better
- CD-ROM Drive
- OS Windows XP/2007/2008 professional/98 SE
- Interface USB (version 1.1)
